EDUCATION

Bachelor of Engineering (BE)

Nov 2021 - May 2025

SNS College of Engineering

- Department of Computer Science and Design - 8.2 CGPA

Schooling

Velammal. Mat. Hr. sec. school

- HSC - 86%
- SSLC - 86.6%

2018 - 2019
2020 - 2021

TECHNICAL SKILLS

Languages: Java, SQL, TypeScript, JavaScript, Python, HTML/CSS.

Frameworks: Spring Boot, React js, Playwright, Selenium.

Tools: Git, Maven, Postman, VS code, Eclipse, Figma.

Concepts: OOP, REST APIs, Data Structures and Algorithms, Agile Methodology, STLC.

EXPERIENCE

Cognizant Technology Solutions (CTS) | Chennai, India

July 2025 - Present

Quality Engineering and Assurance

- Developed and maintained automation frameworks using Java (Selenium) and TypeScript (Playwright).
- Validated REST APIs using Postman.
- Executed SQL Queries for backend data validation.
- Collaborated with developers in Agile teams to ensure software quality.

PROJECTS

Employee Management System

- Developed a RESTful backend using Java and Spring Boot.
- Implemented CRUD operations.
- Integrated MySQL using Spring Data JPA.
- Tested APIs using Postman.

Framework Migration (Selenium to Playwright)

- Migrated the existing automation framework from Selenium (Java) to Playwright (TypeScript).
- Utilized AI-assisted development tools to improve migration efficiency, optimize test scripts, and reduce manual efforts.

CERTIFICATIONS

- Oracle Cloud Infrastructure Foundations Associate - **Oracle** - Oct 2025
- Application Development - **NSDC** - July 2024
- Introduction to GenAI - **Google Cloud SkillBoost** - May 2025
- IOT Certificate - **CISCO** - Dec 2022
- Figma UI UX Design Essentials - **Udemy** - Mar 2023

ADDITIONAL INFORMATION

- President of Department, Computer Science and Design.
- Organized a National level workshop for the SNS Colors event.
- Won 1st Prize in the Mini-Project event at SNS College of Engineering.
